COMPANY PROFILE

DOC. NO : SSI / PROFILE-001 - Rev-03

INTRODUCTION

S & S International Company W.L.L. was incorporated in 2009 with our Fabrication Workshop and Machine Shop, Established in 2002; with the primary objective of becoming a complete Service Solution Provider to our customers.

We offer Value-added Engineering, Design, Procurement, Construction, Mechanical Fabrication and Precision Machining Services.

The Quality of Work produced by our Machine Shop is of high precision combined with Expertise, Knowledge and Workmanship.

S&S has been providing Fabrication Services. With a diversity of industries served, we have developed effective ways of working on tough to fabricate items, which demand the best equipment and people. Our team is capable of Welding build-up and Refurbishment works, resolving difficult to handle maintenance problems.

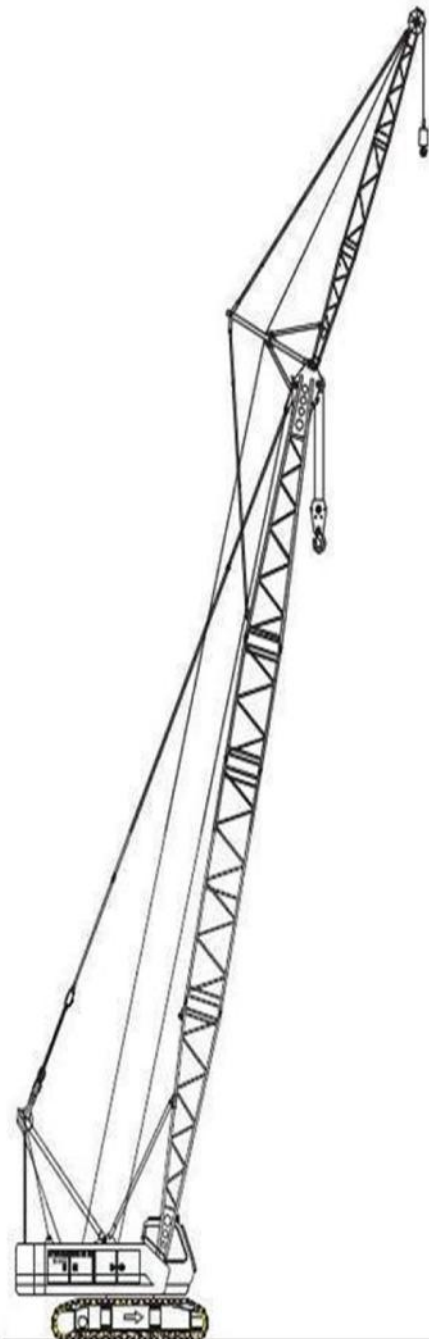

This company profile compendium provides information about services and products offered to Companies, Owners, Manufacturers, International, Local Contractors in Kuwait and the Middle East.

OPERATIONS

Our commitment to delivering high-end engineered products to a wide range of industries in Drilling, Oil & Gas, Petrochemical, Power and Commercial Sectors has been the cornerstone of continued success.

INDUSTRIES WE SERVE

POWER

OIL & GAS

PETROCHEMICALS

OIL FIELD DRILLING

STEEL MILLS

MEDICAL

MARINE & AUTOMOTIVE

WATER & WASTEWATER

ELECTRO – MECHANICAL

INDUSTRIAL INFRASTRUCTURE

FOOD & PACKAGING INDUSTRIES

SERVICES

We offer our customers a complete range of In-house and On-site services including Material Sourcing, Machining, Welding, Fabrication and Finishing.

We work on a wide range of materials – Teflon, Nylon, Steel, Stainless Steel, Brass, Aluminium, Copper, Cast Iron, Inconel, B7 and Special Alloys.

MACHINING WORKS

- Conventional Lathe & Milling
- Surface Grinding
- Boring Mill
- Heavy Duty Drilling
- Threading Jobs
- Component Repair & Build-up
- Stamping & Engraving

MANUFACTURING & PROCESSES

- Custom Gear Cutting and Rebuilds
- Plastics - Nylon & Teflon Products
- Machine Parts & Spares
- Custom made Moulds
- Precision Tools
- Jigs & Fixture
- Anchor Bolts
- Heat Treatment
- Electroplating & Polishing

SERVICES

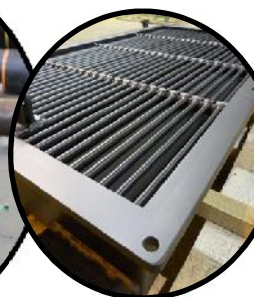

FABRICATION WORKS

- Steel Fabrication
- Stainless Steel Welding & Fabrication
- Aluminium Welding & Fabrication
- Plate & Pipe Rolling
- Frame & Fencing
- Truss Works
- Plate Shearing & Bending
- Steel Gratings & Platforms
- Structural Steel Sheds
- Stair Cases, Hand Rails & Ladders
- Steel Grills & Gates
- Trench / Valve Pit Covers
- Safety Barricades & Bollards
- Man-basket & Lifting Bars
- Storage Tool Boxes, Cabinet & Racks
- Gas Cylinder Pallets
- Conveyors & Scaffolding

VESSELS & PIPING SERVICES

- Tanks , Silos & Hoppers
- Carbon Steel & Stainless Steel Piping
- Pipe Spools & Pipe Flanges
- Manifolds
- Vessels & Storage Tanks
- Diesel Tanks

SERVICES

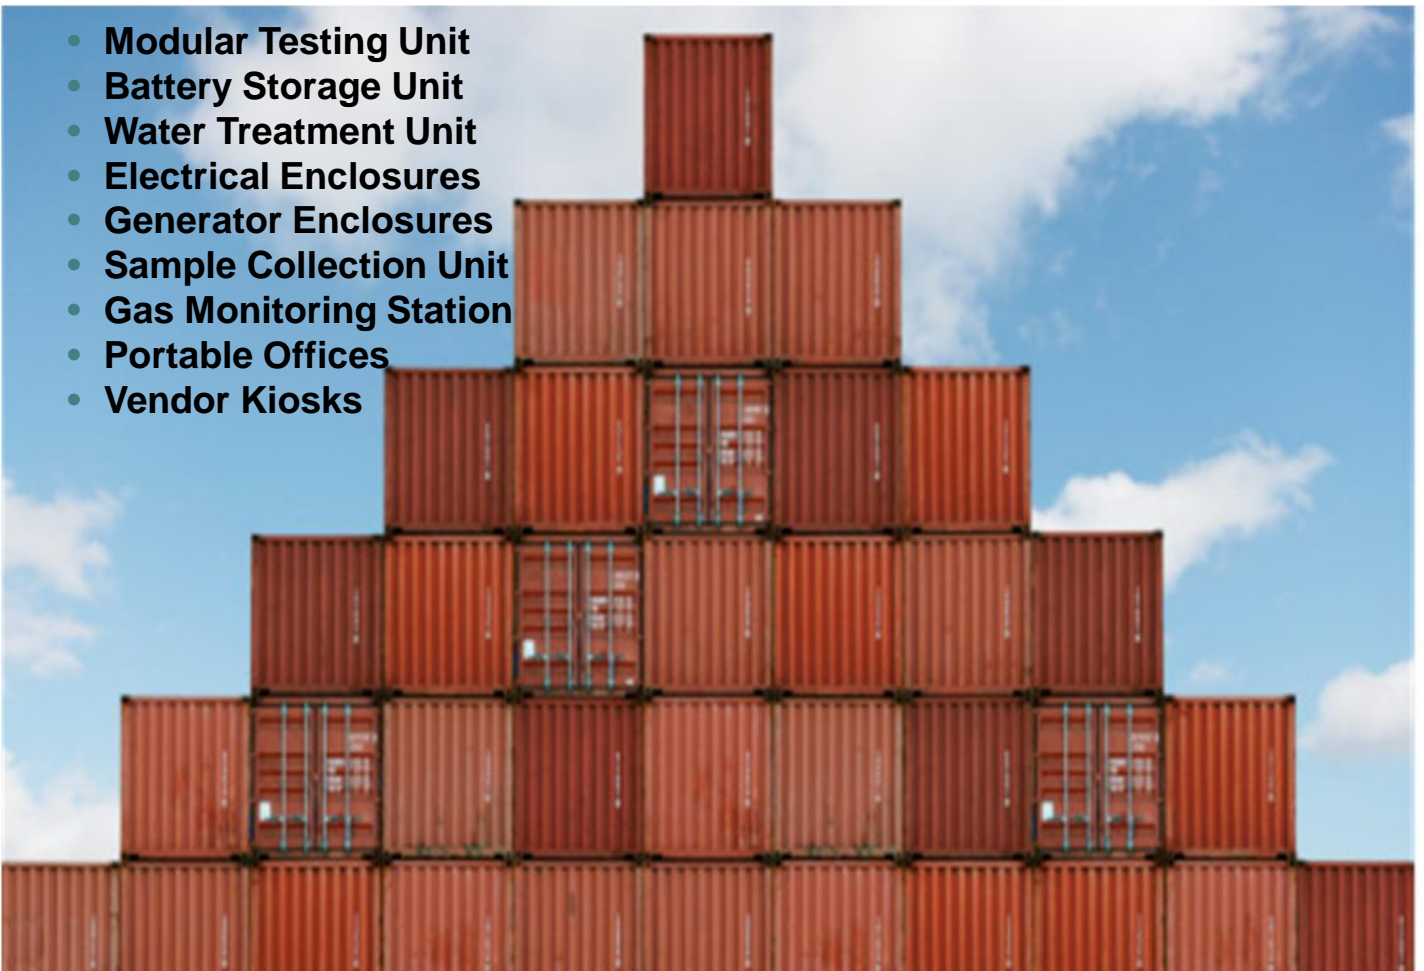

WELDING

- SMAW (ARC)
- FCAW (MIG)
- GTAW (TIG)
- Spot Welding
- Stud Welding
- Brazing & Gouging
- MPI Inspection

CONTAINER CONVERSION

- **Modular Testing Unit**
- **Battery Storage Unit**
- **Water Treatment Unit**
- **Electrical Enclosures**
- **Generator Enclosures**
- **Sample Collection Unit**
- **Gas Monitoring Station**
- **Portable Offices**
- **Vendor Kiosks**

SERVICES

HYDRAULIC REPAIR & SERVICING

- Hydraulic Cylinders
- Pneumatic Cylinders
- Repair of Power packs
- Hard Chroming
- Precision Boring
- Honing

ELECTRICAL & INSTRUMENTATION

Analyzer Shelters
Strainers & Filters
Stilling Well
Copper Busbar
Gland Plate Hole Knock Out
Conduit Threading
Skid Fabrication & Integration
Instrument Stanchions & Sunshades
Brackets & Tube Clamps
Pre-Commissioning & Commissioning of
LV and MV Electrical Systems

SERVICES

ENGINEERING & DESIGN

Our Engineering & Design Department provides Engineering, Design and Detail Drafting Services for Mechanical and Structural projects in Kuwait.

Our Team is adaptive, flexible and multi-disciplined. Comprised of both full and part time employed personnel and complimented by a select group of Industry specialists, consultants & contractors with which we have developed long standing relationships.

Design of Building & Structures

Design of Special Foundations

Design of Blast Resistant Structures

Design of Plant facilities including Substation & Control Room

Design & Layout for Roads, Water supply & Drainage Lines

Preparation of Detailed Structural Drawings for Fabrication

Detailed Estimation & Construction Drawings for Civil & Mechanical Works

Inter-discipline Interface & Composite Drawings

S E R V I C E S

PLANT SHUTDOWN & TURNAROUND MAINTENANCE & SUPPORT

**EFFICIENTLY HANDLING YOUR PLANT OR
PRODUCTION LINE SHUTDOWN.**

**When the integrity of your facility and/or equipment is
critical, you can be assured that the job is planned and done
successfully - On Time , With Safety.**

We provide resources and support for Facility Owners and Managers making sure to resolve machinery maintenance issues and to keep equipment running smoothly, maximizing production.

We especially focus on Facilities Small Capital Projects, Shutdowns, Turnarounds, Maintenance and Execution of Repairs.

24/7 Service

Supply of Skilled and Unskilled Manpower

Dismantling all types of Machinery and Re-Assembly

Disconnecting Piping and Instrumentation

Plant Maintenance and Repair Services

Removing and Disposing of Unwanted Equipment

OEM and Vendor Assistance

Plant Relocation Services

PRODUCTS

WELDING CONSUMABLES

Electrodes (Welding Rods) ARC / MMA / Stick Electrodes

- Aluminium Welding Rods 4043
- Cast Iron Welding Rods Ni 55, Ni 98 , Ni 99
- Cellulose Rods E6010 , E6011 , E7010 , E8010
- Dissimilar Metals / Problem Steel Welding Rods / Special Welding Rods E312-16
- General Purpose Welding Rods E6012, E6013
- Gouging & Hot Rod Welding Rods
- Hard Facing Solid Welding Rods H350, H600 , 700, 43
- Hydrogen Controlled Welding Rods E7016, E7018
- Iron Powder Welding Rods E7014 , E7024
- Low Alloy Welding Rods E8015, E8018 , E9018
- Stainless Steel Welding Rods 308 , 309, 312, 316, 347, 253, E2209, E2507B

MIG Wires

- Aluminium Alloy
- Chrome Molybdenum
- Copper & Copper Alloy Bronze
- Gasless
- Hardfacing
- Low Alloy MIG Wires
- Nickel Alloy MIG Wires
- Stainless Steel MIG Wires
- Stainless Steel Submerged Arc Wires & Flux Stainless Steel

PRODUCTS

INDUSTRIAL MINERALS & CHEMICALS

We supply Minerals and Chemicals for a range of industries including Oil & Gas, Water and Wastewater Treatment, Construction, Environmental, Deep Well & Horizontal Directional Drilling.

- Barite Powder SG 4.10 as per API 13A
- Barite Powder 4.20 as per API 13A Gasless
- Bentonite Powder as per API 13A Sec.9 Drilling Grade

INDUSTRIAL FASTENERS

Materials – Stainless Steel, Steel, Alloy Steel, Silicon Bronze, Brass, Aluminium

Coating and Finishes – Zinc Plated, Hot Dip Galvanized, Black Oxide, Chromed

- Anchors
- Nuts, Bolts & Washers
- Screws & Pins
- Threaded Rod Studs
- Thread Inserts
- Retaining Rings & Tools
- Grease Nipples
- Wire Ropes and Hardware
- Turnbuckles
- Chains
- Shackles, Hooks, Grab & Slip Hooks
